

THE SLP REBOOT 2-DAY INTENSIVE WORKSHOP

Get Organized. Get Streamlined. Get Unstressed.

Spend two virtual days with Carrie and a small group of your peers. Organize your space, streamline your work flows, and get yourself set up for an unstressed year.

Being a speechie (SLP, SLPA, SaLT) is hard.

But it could be a whole lot easier.

Give me two days and I'll give you your joy back.

Over the course of two days, you and a small group of peers will go through an intensive workshop with me: Carrie Clark, CCC-SLP.

You'll log into the daily calls from your own therapy space or home. We'll watch the videos and go through the SLP Reboot course together in real time. While we talk, you'll be organizing, streamlining, and setting up everything in your own therapy space.

As we go along, I'll be helping you every step of the way. I'll be answering questions and providing additional training and motivations as needed.

Here's What's Included:

2 Days of Video Calls to Get You Organized

Forms, Documents, and Other Materials

BONUS: Free Lifetime Membership to The Hub

BONUS: Free Core Language Program K-5th Grades
